Healing Touch International Healing Touch Certificate Program Level 4 (IIIA) & 5 (IIB) Courses

Once you have attended Level 1-3 of the HT International Healing Touch Certificate Program and are ready to continue your development as a healer, consider completing the program by attending Level 4 & 5. These classes are usually held in retreat settings and participants are expected to stay on-site. It is important to register early by sending your deposit so that the necessary arrangements can be made. (HT Canada may deem it necessary to re-schedule a class if sufficient registrations have not been received at least 12 weeks prior.) A \$50 early registration discount is applicable for registrations received prior to the dates indicated in the schedules below.

Levels 4 (IIIA) & 5 (IIB) Overview

Levels 4 & 5 are for students who have successfully completed Levels 1 (I), 2 (IIA), and 3 (IIB) and desire to become a Healing Touch Practitioner. These two courses provide the student an opportunity to learn how to develop and conduct a practice in Healing Touch. Each course provides AHNA continuing education contact hours of instruction / participation (Level 4 - 25.3 & Level 5 - 24 for a total of 49.3). They are designed to provide guidance for the student in the development of practice and skill through the mentor / apprenticeship approach. Students will participate in community projects and work activities. Each section is offered in a retreat setting to allow for greater focus on the intense learning and practice that occurs.

Level 4 (IIIA) Description

This course prepares the student to become a Healing Touch Practitioner and establish a practice setting. Practice concerns are explored including establishing a private practice, incorporating Healing Touch into a current practice setting either working alone or with others. The following topics are addressed: business concepts, client/practitioner relationships, networking with other practitioners, identifying energy patterns in clients and scope of practice. Professional development as a healer is explored including addressing professional ethics, standards of practice and role as a healer.

Level 4 (IIIA) Objectives

The participant will:

1. Describe the development of a Healing Touch Practitioner.
2. Demonstrate a 5-step sequence to include intake, three healing sessions and discharge planning.
3. Identify issues related to development of a Healing Touch practice.
4. Discuss the case study process based on the sequence demonstrated during the workshop.
5. Discuss the principles of apprenticeship/mentorship and professional practice.
6. Discuss the purpose of a professional profile notebook.

Level 4 (IIIA) Content
